ENTERO

The FAME-EAW builds affordable housing for families of Color with a focus on Black/African American families. We create pathways to wealth creation by advocating for investments and changes in policies that work to exclude communities of Color from full participation in economic growth and community building in a self-determined way.

“Social life is created by human beings, by human choices and decisions. This means that human beings can change things. And therein lies the hope.”

ABOUT US

Our Vision

Being authentic in the spirit of the village, we will work for the collective well-being of the Black community across Washington State in helping to elevate the social and economic realities of Black/African American families.

Our Mission

To build and create sacred living spaces through affordable housing for Black families and the Black Community in Washington State. To join with others to create wealth through asset acquisitions, advocacy, and the promotion of social justice for the Black/African American Community.

Our Values

Integrity, genuine, authentic, truth, trust, quality, honor, wisdom, creativity, belonging, enduring, faith, justice, security, realistic, determined, healing, ritual, discovery, rising, maturity, joy, peace, together, compassion, empathy.

PROGRAMS, PROJECTS, AND INITIATIVES

01

Build Housing

We understand that a stable and secure home is the foundation of success. We are committed to developing high-quality housing tailored to honor the cultural values and familial traditions of the Black community. By creating safe, community-focused environments, we empower individuals to envision and pursue their future aspirations and dreams.

02

Enriched Services

We offer support services designed to enhance the quality of life for individuals and families by helping them set achievable goals, acquire essential life skills through educational classes, and confront issues of internalized oppression. Our programs are tailored to empower participants on their journey towards personal growth and fulfillment.

04

Economic Growth

We are dedicated to collaborating with families and individuals to acquire knowledge and implement strategies to build assets for economic growth. Together, we explore opportunities, develop skills, and take actionable steps toward financial empowerment and prosperity.

05

Create Community

In the spirit of the village, we encourage all residents to collaborate and support one another in fostering a strong community. Together with our staff, residents play a crucial role in maintaining the quality of our apartments, buildings, and grounds. This collective effort ensures the health, safety, and well-being of everyone in our community.
